

ZEALOT MUAY THAI BALI

CONTENT & MARKETING GUIDE

For Jeni – Appointment Setter & Social Media Support

The goal of our social media is not only to promote training sessions.

We want people to understand **what Zealot stands for, what they can learn here, who we are for, and why training at Zealot is different.**

Our main brand direction is:

SMALL GYM. REAL FIGHTERS. REAL COACHING.

Heart over hardware.

Skill over hype.

Progress over popularity.

Zealot doesn't need to be the biggest or fanciest Muay Thai gym in Bali.

Our strength is the **quality of the coaching, personal attention, authentic Muay Thai environment and community.**

1. WHAT DO PEOPLE LEARN AT ZEALOT?

At Zealot, we don't want people to simply come in, sweat for an hour and leave.

We want people to actually **learn Muay Thai and improve.**

Training can focus on:

- Technique
- Footwork
- Defence
- Timing

- Pad work
- Conditioning
- Fight IQ
- Confidence
- Discipline

With private 1:1 training, the trainer can see exactly what the student needs to improve and work specifically on those areas.

Key message:

We don't just give people a workout. We teach Muay Thai. 💡

2. WHY TRAIN WITH JERRY?

Jerry is our premium coaching option.

Someone training with Jerry isn't simply paying for someone to hold pads for an hour.

They are paying for his **experience, knowledge, coaching ability and understanding of Muay Thai.**

Jerry has years of experience, has developed fighters, speaks English, understands different levels of students and has built strong relationships within the Muay Thai community.

When creating content about Jerry, don't only promote the session.

Show his knowledge.

Show Jerry:

- Correcting technique
- Explaining movements
- Watching students
- Giving advice
- Working pads
- Coaching fighters
- Coaching beginners

Key message:

ONE HOUR. YEARS OF EXPERIENCE. 💡

3. WHAT MAKES ZEALOT DIFFERENT?

Zealot isn't trying to be the biggest or fanciest gym in Bali.

We are proud of being a smaller, authentic Muay Thai gym.

We're not selling luxury facilities.

We're selling:

Attention.

Coaching.

Technique.

Authenticity.

Progression.

Key messages:

SMALL GYM. REAL FIGHTERS.

HEART OVER HARDWARE.

REAL MUAY THAI. REAL COACHING.

People don't come to Zealot because we have the biggest building.

They come because they want someone to actually **coach them**.

4. WHO IS ZEALOT FOR?

Zealot is NOT only for professional fighters.

This is very important when creating content.

Zealot is for:

Beginners

People who want to learn Muay Thai properly from the beginning.

Intermediate students

People who already train but want to improve their technique.

Experienced students

People who want more technical and personalised coaching.

Fighters

People who want serious development and preparation.

People visiting Bali

People who want to experience authentic Muay Thai training while they're here.

People who prefer personal attention

People who don't want to disappear into a large group class.

Key message:

You don't need to be a fighter to train like one. 💡

CONTENT CONCEPT 1

SMALL GYM. REAL FIGHTERS.

Goal:

Show people what Zealot represents.

What to record:

Record short clips around the gym:

- Heavy bags
- Pads being hit
- Trainers coaching
- Fighters training
- Beginners learning
- Gloves being put on
- Hand wraps
- Footwork
- Sweat
- People laughing between rounds
- Trainer/student interactions

Text on screen:

SMALL GYM.

REAL FIGHTERS.

REAL COACHING.

Then:

**No frills. No hype.
Just Muay Thai.**

End with:

1:1 Private Training Available

DM us to book. 💡

CONTENT CONCEPT 2

WHAT DO YOU ACTUALLY LEARN AT ZEALOT?

Goal:

Show that Zealot teaches skills rather than simply giving people a workout.

Record a trainer correcting someone's technique.

For example:

3 things we're working on today:

- 💡 Balance
- 💡 Guard position
- 💡 Returning after the kick

Show the student making the mistake.

Then show the trainer correcting it.

Then show the student doing it better.

Caption idea:

Anyone can make you tired. Good coaching makes you better.

Private training allows our coaches to focus on YOU — your technique, your weaknesses and your goals.

CTA:

Want to improve your Muay Thai? DM us "TRAIN". 💡

CONTENT CONCEPT 3

WHY TRAIN 1:1?

Goal:

Explain the value of private training.

Opening:

Why choose private Muay Thai training?

Show the trainer watching the student.

Then:

Trainer stops student → corrects technique → student tries again → trainer corrects again → improvement.

Text on screen:

YOUR TECHNIQUE.

YOUR WEAKNESSES.

YOUR PACE.

YOUR GOALS.

Then:

That's the difference between attending a class and being coached.

CTA:

1:1 Muay Thai training available at Zealot.

DM us for availability.

CONTENT CONCEPT 4

ONE HOUR. YEARS OF EXPERIENCE.

Goal:

Promote private coaching with Jerry.

Don't only film Jerry hitting pads.

Show him **coaching**.

Record:

- Jerry watching technique
- Jerry correcting someone
- Jerry explaining something
- Jerry demonstrating technique
- Jerry holding pads
- Jerry coaching a fighter

Opening:

ONE HOUR.

YEARS OF EXPERIENCE.

Then:

What does an experienced Muay Thai coach see that you don't?

Show Jerry correcting small details.

End:

PRIVATE 1:1 WITH JERRY

1,500,000 IDR

DM "JERRY" FOR AVAILABILITY. 💡

CONTENT CONCEPT 5

I'M A BEGINNER — CAN I TRAIN AT ZEALOT?

Goal:

Make beginners feel comfortable coming to Zealot.

This is important because **"Real Fighters" should not make beginners think they aren't welcome.**

Opening:

"I've never trained Muay Thai before. Can I train at Zealot?"

Answer:

Absolutely.

Show a beginner learning:

- Stance
- Jab
- Cross
- Basic kick
- Defence
- Pad work

Text:

You don't need experience.

You don't need to be fit first.

You just need to be willing to learn.

End:

YOU DON'T HAVE TO BE A FIGHTER TO TRAIN LIKE ONE. 🧠

CONTENT CONCEPT 6

STOP COLLECTING WORKOUTS. START BUILDING SKILL.

Goal:

Target people who already train Muay Thai but aren't progressing.

Opening:

Training Muay Thai regularly but still making the same mistakes?

Show one common mistake.

For example:

 Dropping the opposite hand when kicking.

Trainer corrects the student.

Student tries again.

 Better.

Text:

More training doesn't automatically mean more progress.

Correct practice does.

CTA:

Want individual technical coaching?

DM us "1:1". 🧡

CONTENT CONCEPT 7

MEET YOUR COACH

Goal:

Introduce the Zealot trainers and build trust.

Create a short video for each trainer.

Ask three simple questions:

1. How long have you trained Muay Thai?

2. What's your favourite thing to teach?

3. What's one common mistake you see beginners making?

Then show the trainer coaching students.

At the end show:

PRIVATE TRAINING

Junior Trainer — **400K**

Senior Trainer — **600K**

Jerry — **1.5M**

Key message:

Different levels of coaching. One Zealot standard. 💡

CONTENT CONCEPT 8

60 SECONDS OF COACHING

Goal:

Give people useful Muay Thai knowledge for free and show the expertise of our trainers.

Choose ONE technique or mistake.

Examples:

How to stop dropping your hand when kicking.

How to improve your Muay Thai stance.

Why you're losing balance after kicking.

How to improve your jab.

One mistake beginners make when throwing a roundhouse kick.

Trainer explains it in approximately 30–60 seconds.

Keep it simple.

End:

Want us to look at YOUR technique?

Private coaching available at Zealot Muay Thai Bali.

CONTENT CONCEPT 9

THE ZEALOT TEST

Goal:

Generate Instagram DMs and conversations.

Create a Story or post saying:

WHICH ONE DESCRIBES YOU? 💡

A — I've never trained Muay Thai.

B — I've trained a few times.

C — I train regularly but want to improve.

D — I'm preparing to fight.

Then:

DM us A, B, C or D and we'll recommend the right training option for you.

When someone messages, DON'T immediately try to sell them something.

Start a conversation.

Example:

Customer:

"C"

Jeni:

"Nice! 🥊 How long have you been training Muay Thai?"

Find out about them first.

Then recommend the right training option.

CONTENT CONCEPT 10

THIS IS ZEALOT.

Goal:

Create a strong brand video showing the identity of Zealot.

Make a 20–30 second Reel.

Record:

Someone wrapping their hands.

A trainer holding pads.

A fighter hitting the bag.

A beginner learning.

Jerry correcting technique.

People training hard.

People laughing between rounds.

Glove touch.

The end of a hard session.

Text on screen:

NO FANCY MACHINES.

NO SHORTCUTS.

NO PRETENDING.

Then:

LEARN THE CRAFT.

RESPECT THE PROCESS.

PUT IN THE WORK.

Final screen:

SMALL GYM. REAL FIGHTERS.

IMPORTANT: HOW WE PROMOTE PRIVATE TRAINING

We don't want every post to say:

"Book private training."

If we constantly ask people to buy something, they will stop paying attention.

Instead, our content should make people understand **WHY private coaching is valuable.**

Our content should:

TEACH SOMETHING.

↓

SHOW THE COACHING.

↓

SHOW THE RESULT.

↓

INVITE THEM TO TRAIN.

For example:

✗ Don't only post:

"Private training available. DM us."

Instead:

Show a student making a mistake.

↓

Show the trainer correcting it.

↓

Show the student improving.

↓

Then say:

"Want us to look at your technique? DM us about private coaching."

Now people understand what they're paying for.

HOW TO TALK TO PEOPLE IN THE DMs

Social media should start conversations.

Don't make people feel like they're talking to a salesperson.

Be friendly.

Ask questions.

Learn about them.

For example:

"Hey! 🙌 How are you? Have you trained Muay Thai before?"

Then depending on their answer:

"Nice! How long have you been training?"

Or:

"Awesome! And are you currently in Bali?"

Or:

"What are you mainly looking to improve?"

Listen first.

Then recommend.

IMPORTANT BRAND RULE

When we say:

SMALL GYM. REAL FIGHTERS.

It does **NOT** mean:

"Only fighters are welcome."

It represents the **standard and mentality of Zealot.**

Beginners are welcome.

Experienced students are welcome.

Fighters are welcome.

Visitors are welcome.

The message is:

Come here if you genuinely want to learn.

One of the best messages we can use is:

YOU DON'T HAVE TO BE A FIGHTER TO TRAIN LIKE ONE.

SEPTEMBER DIRECTION

Our morning training is becoming more focused on **private 1:1 coaching.**

Instead of communicating negatively:

✗ "We don't have morning group classes anymore."

Communicate it positively:

MORNINGS JUST GOT PERSONAL.

1:1 PRIVATE MUAY THAI COACHING

Your coach.

Your level.

Your goals.

Your training.

September bookings available.

DM us to find the right trainer for you.

ZEALOT BRAND MESSAGE

Whenever you're creating content, remember these words:

AUTHENTIC

PERSONAL

TECHNICAL

WELCOMING

SERIOUS

COMMUNITY

PROGRESSION

Zealot doesn't need to look like the biggest gym in Bali.

We want people to look at our page and think:

"These people really know Muay Thai."

And at the same time:

"I would feel comfortable training there."

That's the balance we want.

SMALL GYM. REAL FIGHTERS. REAL COACHING. 🥊

Heart over hardware.

Skill over hype.

Progress over popularity.
